

Pinch Valves PE Series

Characteristics

The PE series is the smallest pinch valve in Takasago's product range with an actuator of 14 mm in diameter. This has a lineup of N.C. (Normally Closed) type, N.O. (Normally Open) type, and dual type (both N.C. and N.O.).

Specifications

Method	Solenoid	
Tubing inner diameter (mm)	0.8 mm	
Tubing outer diameter	2.4 mm	
Tubing material	Silicone	
Type	2way-NC, 2way-NO, 3way	
Operating pressure range	0~100 kPa	You can choose the pressure unit. <div><div>kPa</div><div></div></div>
Rated voltage	12VDC, 24VDC	
Power consumption	2.8 W	
Operating duration	Continuous	
Outer dimensions	21 x 26 x 55.1 mm	
Ambient temperature range	0 ~ 40 °C
